

# DESCRIPTION

Glitch was inspired by the abstract look of the plant cellular structure. The focus is to create a decorative type that is strange and interesting to look at.

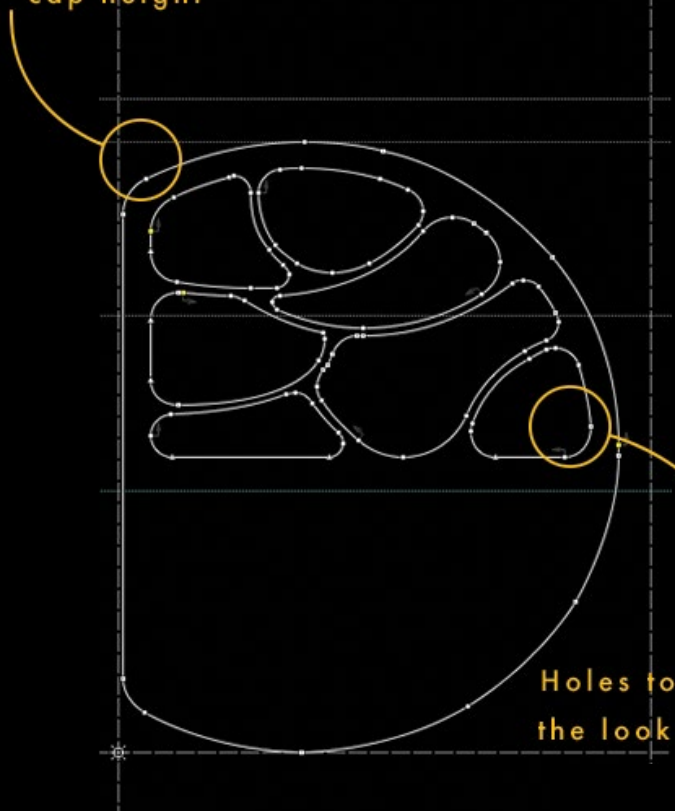

# MOOD BOARD

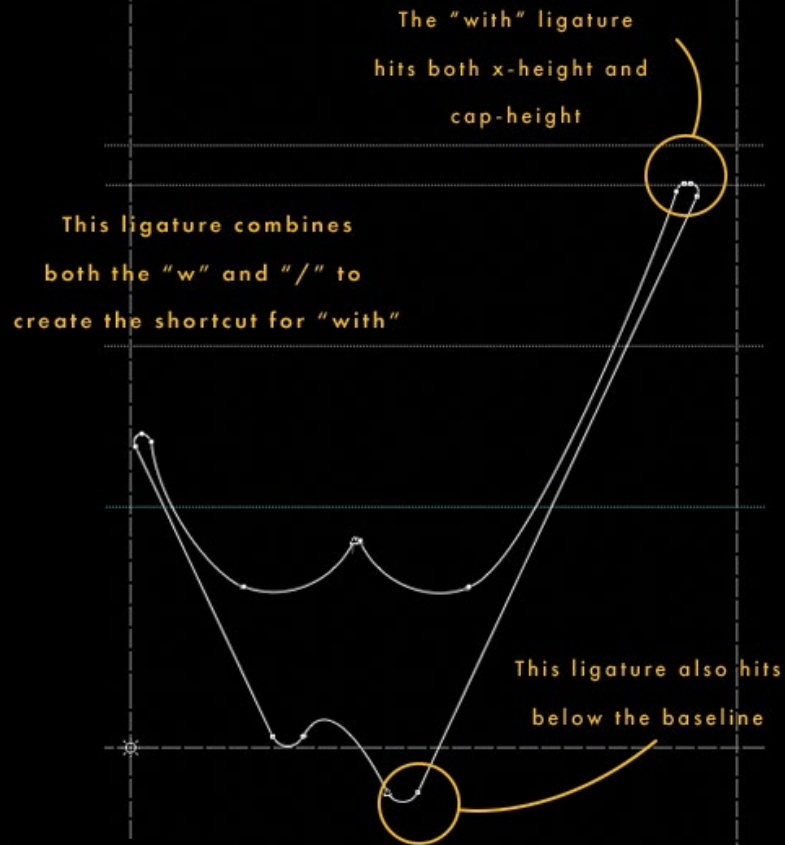

# ARCHITECTURE

Using geometric shapes, Glitch was created to have perfect circles, curves and give off an abstract look

Capitals sit at  
cap height

Holes to imitate  
the look of cells

This ligature combines  
both the "w" and "/" to  
create the shortcut for "with"

The "with" ligature  
hits both x-height and  
cap-height

This ligature also hits  
below the baseline

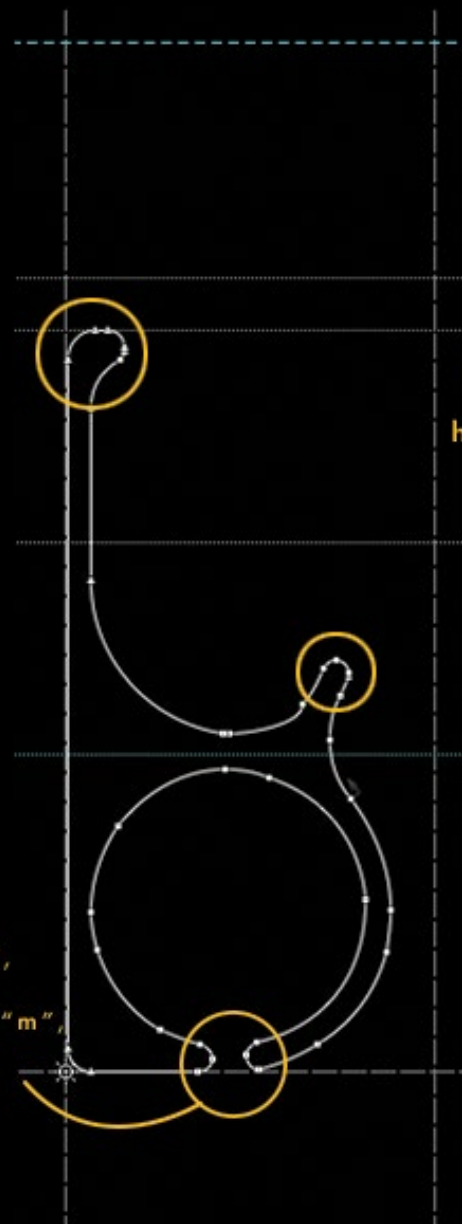

Some letters are open  
on top to give a look of  
splitting cells

Capital K is the  
only letter that's  
open at the bottom

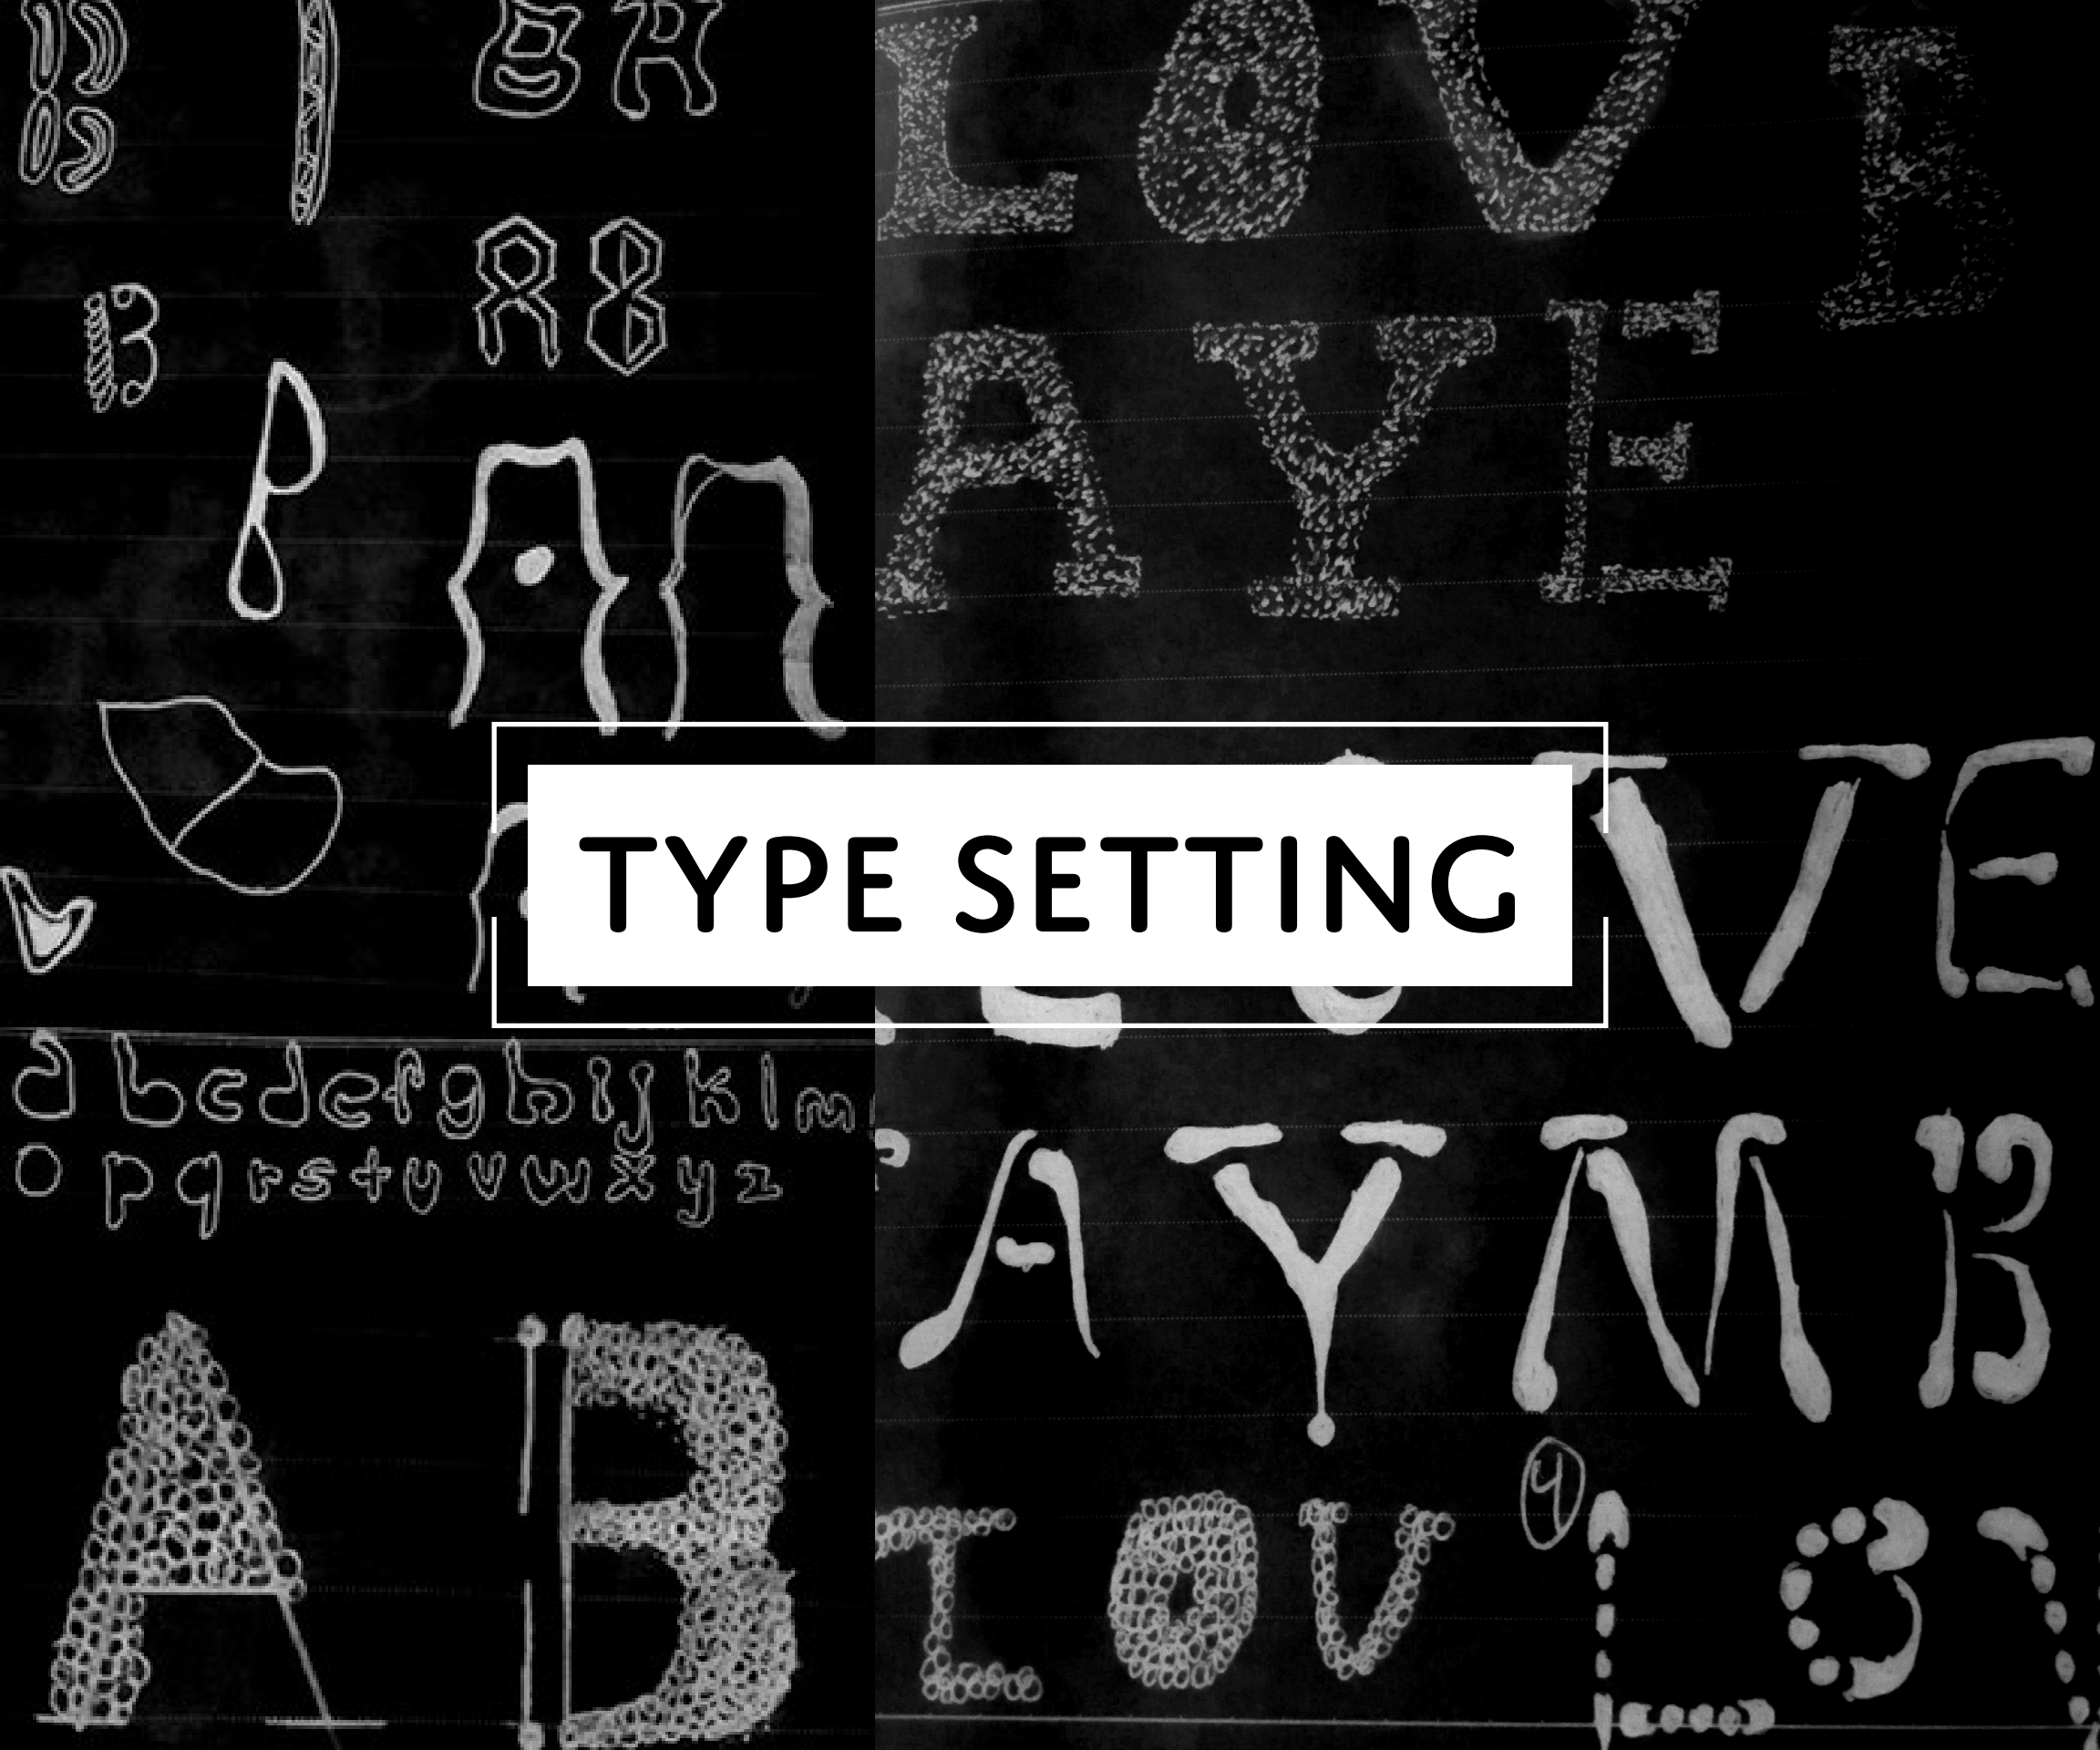

All lower case letters  
with counters are  
closed off

The lower case "k"  
hits both the x-height  
and cap-height

The lower case "k",  
including the "n" and "m",  
are slightly open
